CultureWorks
ENGLISH AS A SECOND LANGUAGE INC.

Your Best Higher Education Path Leads Through Canada

CultureWorks, with our university and college partners, has options for each of your students – Online Academic English, English/Foundation Credits/University Credits, On-campus Pathway Programs and more!

The **Gateway Program** is an online Academic English program. Students learn from home, through face-to-face lessons with an online CultureWorks instructor. After graduating, Gateway students can:

- Enter Preliminary Year program as a full-time university student
- Enter college
- Join the CultureWorks On-campus Academic Pathway program (in Canada) with conditional acceptance to one of our university partners

The Brescia Preliminary Year Program is customized for each student and allows students to study only what they require in order to achieve entry to the university of their choice. Students can study grade 12, upgrade their current high school academics, study English and earn university credits. Students also take their university credits with them upon graduation from Brescia's Preliminary Year Program, to the university of their choice.

At Carleton University, CultureWorks students can earn a university credit, while still studying English, under the direct supervision of a CultureWorks instructor.

The On-Campus Pathway Program, located on university campuses, gives students conditional acceptances and the necessary skills to be successful university students.

CultureWorks also offers on-campus 6-week pathway programs, customized summer programs (3/4 weeks) and online IELTS study.

CultureWorks is an English Academic based program that prepared me to adapt to school very well and have the ability to meet the Canadian Universities standards. Besides the academic portion of the course, I enjoyed the activities that related to the course where I had the chance to make friends. **Khaled Humaid, *Western University***
