# University Preparatory Courses

Giving you the best preparation for your university studies.

Our University Preparatory Courses are designed to prepare international students for university life in the UK. You will develop academic and study skills including IELTS training\*, plus choose a speciality pathway relating to your future undergraduate course.

*Pathways subjects; Business, Healthcare, Engineering, IT.*

## Who can apply?

- You should have successfully completed your secondary education at a level equivalent to 12th grade. Qualifications from all countries are considered.
- You will also need to show that you have the English language skills necessary to join, preferably Intermediate (CEFR B1) level and above.
- Students that are 16 years or older.

*\*Students must take an external IELTS (for UKVI) exam at the end of the course which CSL can arrange. Please check with your preferred university the minimum entry requirements including IELTS score for your chosen course.*
