

A LANGUAGE SCHOOL

specializing in French immersion programs, located in a 98% francophone region. We have developed our own teaching method as well as our exclusive online French level testing. We can count on over 40 years of experience and over 20 thousand satisfied students. Come and discover the Canadian beauty of Saguenay, where nature is awe-inspiring!

A METHOD

based on three components: classes, host family and sociocultural activities. This formula's goal is to create the best learning environment for our students, through the unique discovery and experience of the French-Canadian culture. Under the devoted supervision of the best teachers, classes are focused on conversation. Students will always have the most advanced learning tools on hand, like language labs and software to integrate grammar into conversation skills. **Here in our Centre you don't pay for courseware: it is already 100% included in the program's cost!**

YOUR PROGRAM

Customized! We teach according to your needs. Here you can adapt your program to best fit your plans. Example, the **"Snow-Fest"** program: students can combine French learning with winter sports! We also have special programs designed for colleges and universities. This involves a whole scale of activities with local students of the same age group to promote French conversation, practice and cultural exchange.

SMALLER GROUPS IMPROVED LEARNING!

Most of our programs are designed for a maximum of 10 students per class to guarantee a higher efficiency in learning.

TFI (International French Test). We are an authorized TFI center. It's possible to take the test at the end of your program here at the Centre in order to get your international French level certificate. For instance, to follow your studies in any of Québec's higher education institutions, you require a minimum grade of 780 (B2) on the TFI.
