GENERAL ENGLISH

The General English programme is a good choice if students want to improve their English communication and also if they want to prepare for further certificate, diploma or degree-level study. The programme also provides a good basis for improving their language level prior to taking IELTS, or Speech New Zealand examinations.

STYLE OF TEACHING

Our motto 'Live the Language' means that we encourage active participation from our students. Tutors are skilled in the communicative approach to language learning, using the outside world to help in the classroom.

A collaborative style of teaching and learning is encouraged through team building, getting to know each other (teachers and classmates) and sharing experiences. The classroom is a place where our students are free to ask questions and to challenge themselves.

ACCOMMODATION

The Student Village at EIT Napier has been rated as 4 star plus accommodation by NZ Qualmark since 2008 and has been awarded a Silver Environment Award

HOMESTAY

We strongly recommend you apply for homestay accommodation. Our homestay families provide a warm and welcoming environment with your own room and meals provided. It gives you the opportunity to assimilate into the New Zealand way of life by becoming part of a local family.

All of our homestay families are carefully selected and supervised. They have been vetted by police and inspected by EIT staff. In your acceptance pack will be a homestay request form. It is important that you be as open and honest as possible about your personality and lifestyle so we can match you to a suitable family. EIT endeavours to make the best match possible based on this information; however some requests may not be met due to homestay family availability at the time.

PLEASE NOTE THAT:

- The homestay fee does not cover personal items such as phone calls, toiletries, excessive Internet use, bus fares or entrance fees to any activities with your homestay family.
- Students who go on holiday during their homestay period pay \$95 for the first full week and \$45 per week for the second week and consecutive weeks. These must be full weeks.
- Students should commit to the first four weeks in the homestay family. EIT does not change homestay placements in the first month as it takes some time for students to settle into their new lifestyle, and for the family and student to adjust to each other.
- Students should give one week's notice to EIT to vacate a homestay placement.
- All payments for continuing homestay should be made through EIT.
- A \$150 fee will be charged to request a change of homestay family.
- The weekly homestay fee for students requiring halal food will be \$220 (Napier).

To apply for EIT accommodation, please indicate on your Application Form which accommodation you are interested in. We will send you an application package for the accommodation option of your choice. Please note the accommodation fee payment is required before accommodation can be secured.

STUDENT VILLAGE

The Student Village (SV) is a self-catering complex of 12 villas housing six students in each, with on-site managers providing 24-hour support for resident students.

The SV is located on campus next to the Sports Centre and bus stop. Both New Zealand and international students live together and the villas are also mixed gender. The SV is a multicultural communal environment that is better suited to more independent students. It is a great environment to meet other students, study and relax together and regular events are organised by the managers.

Students will be required to pay a one-off \$200 deposit and will sign a contract with the SV for a minimum of one semester (20 weeks). Where the programme of study is shorter than one semester, the student may sign a contract for the length of their enrolled programme (based on room availability).

Rooms fill up fast and EIT can only normally secure rooms for students who have paid and returned their SV contract forms before arrival at EIT.
