Spanish courses

The objective of our courses is to help you express yourself more fluently in Spanish

Your Spanish class

All classes are given in Spanish. In general the number of students per class is between 6 and 10 and each lesson lasts for 55 minutes. Since the groups are small in number, the teacher is able to deal with the specific needs of each student on a more personal basis.

The classes are based on tasks and planned depending on the students' needs and different styles of learning.

You will use a **textbook in class**, together with **supplemental material** such as newspaper/press articles, adverts, audio-visual materials etc... The textbooks we use have been developed by International House teachers and cover all areas of the language.

The enrolment fee includes the first book and additional material. When you change from one level to another, you will need a new book which you can buy or borrow from the school library. The school library is for students use and provides additional reading or reference material.

A cultural approach

The programme also aims to **integrate students into our culture**. Visits to cultural centres, museums, other towns, etc. are arranged, in an attempt to ensure that all students are fully immersed in Spanish life.

Our teachers

We have a dynamic team of teachers who love teaching Spanish. All of them are **native Spanish speakers and university graduates**. They have **many years of experience** and specialise in teaching foreign students. They use modern materials and methods and ensure that the lessons are interesting and entertaining.

The continued on-going development and **training of teachers** is a key feature of International House schools and our teachers are keen to stay up-to-date, incorporating new techniques and materials into their lessons whenever appropriate.

In addition to teaching Spanish in class, they will offer general support during your stay at the school so that you find learning Spanish a pleasant experience.

Our students

Our students come from all over the world and have many different reasons for studying Spanish. Some of them are university students, other are professional people who need Spanish in their work, others learn Spanish just for fun, while others come to prepare for the official DELE exam.

In general **our students fall between the ages of 18 and 40**, but we also cater for students of **other ages**. This mix assures an interesting and international study atmosphere.

Levels

The courses are divided up into **6 different levels**: from beginner to superior, based on the **Cervantes Institute programme**, under the directives of the Common European Framework of Reference for Languages.

No matter what your level of Spanish is, we will always find a class that is suitable for you.

A1 - Beginners level

Students can deal with simple straightforward exchanges in familiar contexts. They can usually understand enough to keep a very basic conversation going.

A2 - Pre-Intermediate level

Students can understand and express information about the present, past and future. They can deal with most situations involved in travelling around a Spanish speaking country, including communicating most personal and everyday information.

B1 - Intermediate level

Students can comfortably interact with native speakers. They can participate in discussions and express their viewpoints in familiar contexts. They can describe experiences in their past as well as explain and give reasons for their plans, desires and ambitions for the future.

B2 - Upper-intermediate level

Students can express their ideas on general topics clearly in both the spoken and written form. They are familiar with and can competently use more complex structures and have a good level of fluency and broader vocabulary including some idiomatic expressions.

C1 - Advanced level

Students are capable of understanding most lectures, discussions and debates. They are able to develop a well-structured argument with supporting evidence and explanations in oral and written form. Students have broadened their general language capability and vocabulary to feel comfortable operating effectively in social, academic and professional spheres.

C2 - Superior level

Students have a high level of written and spoken Spanish. They can participate easily in discussions and write well-structured compositions even on complex, unfamiliar situations. They can give clear presentations on complex issues, integrating sub themes and developing particular points.

In addition, they will have the chance to meet colleagues from other countries, and therefore cultural interchange and networking make up an important part of the programme of study.

Our trainers have many years of experience and are truly experts in the teaching of second languages and in the creation of specialised materials.

We also provide intensive, four-week teacher training courses and online programs accredited by the University of Barcelona.

companies**

What is this programme for?

Working in a foreign company is a very rewarding experience. As well as giving you the chance to practise Spanish, you can learn the language specific to your job. The internship is considered to be a training programme so it is unpaid.

We also organize funded internship programs such as Leonardo Da Vinci and PON.

Who is this course for?

It is aimed for foreign college and university students or recent graduates who want to gain experience in a Spanish company and also enjoy Spain's exciting life and culture.

What has to be done before starting this programme?

When a student enrolls he/she will need to provide us with a complete CV, a recent photograph and a motivation letter indicating their reasons for joining the programme. They must also select which sector of industry and duties they would like to develop.

Interested students should apply a minimum of three months in advance of their preferred starting date. This will provide enough time to find a suitable company.

Which working fields?

We offer internships in different areas. Students can select the one that best suits their interests. When choosing, it's important to understand that the aim of the programme is for students to get to know the Spanish working environment. Normally the interns aren't given major responsibilities, but the firms do their best to teach them about the sector and help develop their communication skills in a Spanish working context:

Demi pair

Here we offer a wonderful opportunity for students to fully immerse themselves in Spanish life. Students are welcomed into the homes of our Spanish hosts as a member of the family. In return they assist with childcare, help with light housework and teach the children of the house their native language or English.

Normally Spanish families invite a foreign student to live with them because they want their children to learn and practice a second language. However they fully understand that the aim of the programme for the Demi pair is to learn and practice Spanish. In order to do this, they will make sure there's a lot of Spanish speaking time. The normal routine is for the Demi pair to speak English or another language with the children and Spanish with the parents.

Age

Between 17 and 30 years

Length of the programme

From 1 (only available in summer) to 12 months

Full immersion

Spanish lessons

Normally the Spanish lessons are in the morning and the working time is in the afternoon and evening.

You have to take an Intensive Spanish course of at least 2 weeks at the beginning of the programme, although we strongly recommend that you extend your studies of Spanish throughout the entire length of your stay.

Working hours

Demi pairs will work 20 hours per week plus one night babysitting.

Free days: Two full free days per week (either during the week or at the weekend but at least once a month a Sunday will be free).

Accommodation and pocket money

Demi pairs will have their own bedroom and will be given full board and some pocket money in return for their help in the house.

How to book a Demi pair programme

When a student decides to take part in this programme, he/she has to send us the completed application form with the required documents. Then we will start looking for the most suitable family.

Once we have selected the family (normally about a month before the starting), we will send the details to the Demi pair, so they can get in touch and plan everything before their arrival!

Although the public transport works very well in Valencia, I prefer to walk to school. I love to walk through beautiful parks and streets on my way to school.

09:30 Spanish classes

All groups have two teachers. One of them teaches from 9:30 until 11:15 and another one from 11:30 until 13:30. The teachers teach us Spanish in a fun way and are always helpful. Because there are students from different cultures in my class, I learn a lot about other cultures too.

14:00 Lunch

The teachers don't only help me with my Spanish, but they also tell me about the nicest places in Valencia. After school, my friends and I like to visit the restaurants they recommended for lunch. I love Spanish food like paella and pinchos, but of course Valencia has a lot more to offer.

16:30 Homework

The homework we get helps us with practicing our Spanish after class. The next day at school the teacher will look at our homework with us and we can see what we have to improve.

18:30 Afternoon activity

The school has an activity schedule with lots of fun activities for almost every day of the week. The activities are not obligatory, but I would recommend you to participate in all of them! It is a great way to get to know other students, make new friends and practice your Spanish.

20:30 Life in the shared apartment

I live in a student apartment about 25 minutes away from the school by foot. I have my own room and I share the apartment with a boy from Germany and a girl from Italy. We can chat for hours... all in Spanish! I'm sure we'll always stay in touch, and we plan to meet again one day in the beautiful Valencia.

21:30 Valencia at night

There is always something happening in Valencia! On schooldays I like to go to the cinema, concerts or city centre with my friends. The school also organizes activities in the evening like a tour or a flamenco concert. Valencia has a great nightlife scene, which I love to enjoy in the weekend. Having a drink at the famous L' Umbracle club in the city of Arts and Sciences and joining the local parties is something you'll have to experience!

What type of accommodation do our students choose?

For this reason we attach significant importance to ensuring that the quality we provide is of a good standard. We select our host families with the utmost care, ensure that our shared apartments and studios are maintained in good condition and provide general support for students with matters regarding their accommodation.

The accommodation is available between 2:00 p.m. on the Sunday prior to the first day of the course (Monday) until 12:00 p.m. on the Saturday following the last day of class (Friday).

Extra nights might be available at the published prices.

Shared apartments

This type of accommodation gives you the chance to **live with students from other countries**. Each apartment has three or four bedrooms and one or two shared bathrooms.

All apartments have a fully-equipped kitchen, a lounge with TV, a washing machine and an iron. The school provides bed linen, but not towels. Moderate electricity, gas and water expenses are included. The school is in charge of maintaining the apartment.

The common areas are cleaned every two weeks, but otherwise it is the students' duty to keep the apartment clean. The apartments are located no more than 20 minutes away from the school by public transport.

Studios

Our studios are located **in the city centre within walking distance of the school**. They have a lounge with a sofa bed or separate bed, a kitchenette and a bathroom. They are either for single or double use. The accommodation includes bed linen, towels and blankets, access to a fully equipped kitchen and laundry, moderate electricity, gas and water expenses, and cleaning of the common areas every week.

Host families

Living with a Spanish family is the best way to become familiar with the Spanish lifestyle, get to know Spanish customs and practise the language.

We select our families carefully so that our students feel completely at ease with them. Don't expect the host family houses to be luxurious, but they are comfortable and hospitable. Most of the families live near the school, the maximum distance from the school to the host is 20 minutes by public transport. Students are lodged in single or double rooms and can choose from three types of board (breakfast, half board or full board). Weekly laundry and cleaning is included. You will have your own keys to come and go as you wish, but you must respect some basic rules and schedules, especially for mealtimes.

An accommodation option for every taste

Hall of residence

We also offer accommodation in student halls of residence. The residence is located in the university campus and there is good transport to and from the school. There are single or double rooms, each room with its own private bathroom, telephone, hot and cold air-conditioning and personal study space.

The residence has common areas, a TV lounge, 24-hour reception service, a coffee bar, internet access and a dining room. There is a common kitchen for students. If you prefer you can also have your meals in the residence canteen. Breakfast, half board and full board can be arranged. Cleaning once a week, towels and sheets are included.

In summer we also offer accommodation in a residence in the city centre, just 15 minutes walk from the school. It has 80 single rooms with private bathroom and comfortable common rooms for students.

Valencia

A
modern
city

Valencia is a vibrant, cosmopolitan city with about 800,000 inhabitants enjoying its majestic buildings and wonderful scenery.

What to see?

The Lonja: one of the best examples of Gothic civil architecture in Europe. It enjoys Patrimony of the Humanity (UNESCO).

The Central Market: each of its three gates has a different style: Baroque, Gothic and Romanesque. From its bell tower, El Miguelete, you can enjoy amazing views over the city.

The Cathedral: each of its three gates has a different style: Baroque, Gothic and Romanesque. From its bell tower, El Miguelete, you can enjoy amazing views over the city.

The Virgin Square: which sits on the site that was once the Roman forum.

The Serrano Towers: considered to be the largest Gothic city gateway in all of Europe.

The Fine Arts Museum San Pio V: one of the most outstanding painting archives in Spain.

The National Ceramics Museum Gonzalez Marti: housed in a palace from the 15th century and refurbished in 1740 on rococo.

The City of Arts and Sciences: this amazing complex includes five buildings which are breath-taking at first sight. They are simply incredible.

It's a truly beautiful Mediterranean city which enjoys a mild temperate climate and offers a wealth of gastronomic delights, festivals and cultural events. Here you will see how important historical traditions and recent innovative architecture stand side by side. In the last two decades Valencia has undergone an amazing transformation which has to be seen to be believed.

What to do?

- **Practice sports in the city parks:** Valencia is not only a city of culture but also a city with beautiful parks, gardens and relaxing recreational areas. The old riverbed has been converted into a 9 km park, which crosses the city, and it's perfect for all kinds of activities such as cycling, jogging and skating.
- **Enjoy Valencia gastronomy and nightlife:** the city offers a wide variety of "tapas" bars and restaurants with delicious Valencian cuisine such as the famous "paella". Valencia is famous for its nightlife. There are many lively areas and places to go to suit all tastes and styles.
- **Relax on the beach:** never ending days of sunshine with perfect temperatures ensure that the beach is a lively and interesting place most of the year. Wide and open with fine golden sand, it is very popular both for sunbathing and for the vast array of restaurants and cafés along the waterfront promenade.
- **Live traditions and festivals:** the most popular festival in Valencia takes place in March. It's called "Las Fallas" and for five days fireworks can be seen and heard all over the city. The sound of band music and the impressive "mascletas" turn the city into a place to behold: a complete transformation that precedes spring every year.
- **Enjoy the city events:** Valencia is known all over the world for its international events: the final round of the Moto GP, the open tennis tournament and much more. For each of these events the city opens its arms and hearts to the thousands of tourists who arrive to be entertained each year.

And all this, together with more than 300 days of sunshine per year and people who are open-minded and friendly, make Valencia the ideal place in which to spend a memorable study holiday.

We expect you to arrive at our school on Monday at 8:30 a.m.

New students (except absolute beginners) will take a written and oral test at 8:30 a.m. to find out their level. The written test can also be done on-line beforehand.
