

# AMAUTA SPANISH SCHOOL PERU

**AMAUTA Spanish School** offers you the opportunity to study Spanish in Peru, in the fascinating city of Cusco, while immersing yourself into Peruvian culture.

We are based in Cusco, the former capital of the Inca Empire; the name literally means "navel" in the local Quechua language, and it certainly still fits this description today, as it is at the center of Andean culture. It is the gateway city to the Andes from where you can easily visit countless sites such as the famous Machu Picchu, one of the most fascinating lost cities in the world.

AMAUTA is located just one block from Cusco's main square, the **Plaza de Armas.** Our beautiful building boasts ten classrooms,

a sunny courtyard, a comfortable common room, and an internet café/multi-media room. Our student residence and **Dos Manos Travel Agency** are also conveniently located in this building.

Cusco is nestled in the Peruvian Andes at an altitude of 3,400 meters/10,500 feet. With a population of over 300,000 people, it is a wealth of experiences. You will have plenty of time outside class to explore the city and visit Inca ruins, museums, the cathedral and the old, typical neighborhoods that are actually built on original Inca stone foundations.

Cusco is an eclectic place. While it may well be one of the world's most cosmopolitan cities, it is also an indigenous center with many traditional people coming into the city each day to sell their products and services. There are constantly fiestas and parades with traditionally dressed people as well as a great nightlife with live music, both western and Latino. You can also choose to study Spanish at our other fantastic locations in <u>Yanahuara</u> in the Sacred Valley, in <u>Lima</u>, Peru's capital city, and in <u>Tambopata</u>, the Peruvian Rainforest. Come and experience this exciting country for yourself!

"AMAUTA was welcoming from the start and I cannot imagine a more spectacular location to study Spanish. The language classes have been challenging and invigorating. It has been great to be able to put my Spanish to use while exploring the city and the surrounding ruins in my free time."

Alexandra Langley, United States, student, 26

## **SPANISH LANGUAGE PROGRAM**

AMAUTA offers Spanish courses for students of all ages, levels and nationalities. We create customized instruction at the level and pace that best suits you. AMAUTA is known for its **interactive**, **clear and personal teaching methods**. Standard programs include four hours of private or group instruction per day, Monday through Friday, divided by a half-hour break.

All AMAUTA teachers are native Spanish speakers and professionals who have qualified under the AMAUTA teachers' course. All teachers participate in continuing education during their employment. Our teachers have been chosen because of their excellent teaching skills, their friendly and enthusiastic personas, and their local knowledge of Cusco and Peru. During your course you will spend time with a variety of teachers, enabling you to get the most from a variety of teaching styles.

"Studying at AMAUTA was a very special experience for me, I was a complete beginner at the start but I found that the style of teaching was excellent and my Spanish now at a level where I can have conversations. The teachers and staff at AMAUTA are all very friendly and enthusiastic; it is like a home away from home!" Sangeeta Shah, England,

accountant, 31

Students are invited to participate in our wide variety of <u>free extracurricular</u> and cultural activities. Enjoy cooking classes, traditional Peruvian music classes, salsa dancing classes, lectures on Peruvian culture and history, and Latin American movies.

All lesson materials are included with your courses; we offer free internet access, and a welcome dinner when you arrive. We also have a student card which gets you discounts and specials at the best restaurants and bars in town. On the Sunday that you arrive we will take you on a walking tour of Cusco to familiarize yourself with the city. Upon finishing the course you will receive a certificate of completion.

<u>AMAUTA's special courses</u> include Medical Spanish, Inca Civilization, Spanish for families, a Christmas course, Peruvian cultural workshops and

a complete 'total immersion' program. Combine your Spanish studies with adventure activities and excursions such as trekking in the Andes Mountains, visiting Machu Picchu, river rafting and paragliding. We also offer many exciting volunteering opportunities and internships for university students or for professionals wishing to gain work experience in Peru.

As you can see, studying at AMAUTA is more than just learning the Spanish language!

## **ACCOMMODATION IN PERU**

You are welcome to arrange your own lodging in Cusco and simply participate in the language course. However, we recommend partaking in our total package in order to maximize language absorption and therefore we offer three accommodation options within the city of Cusco. For a true immersion experience, you can choose to stay with a local **Peruvian host family** while you study, which is great way to practice your Spanish language skills and get to know the local Peruvian culture firsthand. You can also stay within our **student residence**, which is located in the same building as the school. This is a great way to meet and spend time with other students. We also have **student apartments** for those staying for longer periods of time, providing you more privacy and space. All options run from Sunday to Saturday, though we are happy to arrange additional days for you as needed. We also recognize special diets such as vegetarian or food allergies.
