## Welcome to IP

Every year we bring together more than 5,500 students from all over the world to several European destinations to learn English, French or German.

With more than 29 years of experience, we have gained an unrivalled insight into what students want from their language courses. Our international language schools provide proficient language training at different language levels based on an innovative and communicative approach. This enables our students to advance both their knowledge and their confidence in an international environment.

# language learning

## Academic objectives

We are very happy to welcome you to your International Projects language experience designed especially for you by our own IP schools; Europa School of English, a British Council accredited school and CELF, our French language school.

Our academic aim is to help you to improve and to become confident in your all-round language ability so you can achieve your individual goals, such as experiencing travelling abroad (maybe for the first time), your career development and personal growth.

In class your teacher will help you to improve in both receptive and productive skills, to develop intercultural competence and to enable you to become a more autonomous learner, so that your learning can continue after you leave us.

## Courses on offer for Juniors

Balanced proportion of language course and holiday

	General Course
<b>Lessons of 45 minutes</b>	15 morning lessons per week
<b>Class size</b>	Max. 15 students
<b>Levels provided</b>	Beginner (A1) - advanced (C1)
<b>Duration</b>	Min. 1 week
<b>Course description</b>	This course focuses on specific areas of language learning: grammar and language work, reading and listening, or communicative activities and speaking practice. Our aim is to provide you with the vocabulary and grammar required for effective communication with particular attention being paid to improving speaking and listening skills. The goal of the course is to strengthen your communication skills and help you overcome your own speaking inhibitions.

## Enjoyable lessons – effective learning

We use a range of different materials, such as course books, the Internet, authentic materials and your own experience. You will do a lot of pair and group work whilst focusing on project work. This will help you to assist each other to complete gaps in your knowledge and exchange ideas.

### For our Teens

Students over the age of 13 work with a new Internet-based curriculum. Most of our classrooms are equipped with internet access. These teaching materials facilitate access to the most up-to-date and contemporary topics related to our students' experience.

### For our kids

Students under the age of 13 work with a specifically designed Young Learners' Syllabus, based on a variety of teaching materials from different sources. This syllabus concentrates on interesting topics, contents and learning activities for younger students and is not entirely internet-based.

Ideal to make rapid progress and still have enough spare time

Opportunity to measure your English language development for educational or vocational purposes.

Intensive and efficient acquisition of language through culture-based materials

The course consists of the General Course plus an additional lesson per day which focuses on a fourth area of language learning: Project-based lesson which emphasis on writing skills.	Trinity Graded Examinations in Spoken English for speakers of other languages provide an internationally recognised scheme of assessment through which you can measure your language development for educational or vocational purposes. The awarded grades range from 1 (absolute beginner) to 12 (very advanced). The Trinity Oral Examination can be prepared and taken during most of our Junior Summer courses.	This course consists of the Intensive Course plus afternoon lessons. Students work with culture-based materials towards a final presentation. You will be exposed to cultural input and improve your presentation skills.	The lessons are based on the same concept as the Intensive Course. Working in very small groups allows you to focus on your own language needs and areas to strengthen. Together with the teacher, you can decide what you want to work on and which aspects of language you want to improve.	This Course consists of two parts. In the morning you take part in the Intensive English Course. For the afternoon session, you will have a cultural lesson preparing you for an excursion. After the excursion there will be a tutorial. You will work on a small presentation relating to the cultural activities. Additionally, you will have the possibility to assess your own capabilities and receive individual tutoring.

# With IP, you're not alone

## Arrival

We are happy to welcome you at one of the several airports close to our different language schools. Many airlines ensure that children travelling alone receive the best attention, thereafter, they are escorted by the airline-staff from the moment they arrive at the airport, check-in, until they reach their destination. If you book an Unaccompanied-Minor-Service with your airline, please be sure to request our IP Unaccompanied-Minor-Service as well.

## Transfer

Transfers from/to your IP language school (airport or train station) can be provided as an additional service.

**All individual transfers:** we work with long-term and well-established business partners. The driver will wait for you at arrivals and drop you off at your terminal on day of departure. If you prefer assistance for Check-in, please book our Check-in service separately.

**Low budget transfer (UK only):** on the day of arrival our Meet&Greet Service will be waiting for you at the terminal (until 17:00) and accompany you to your transfer service. On the day of departure a staff member will help you to your terminal and check you in. For a detailed description of our transfers, please check our website or get in touch with us!

## Secure supervision

We guarantee well-trained and secure supervision: International teams who are carefully selected and have excellent training supervise our junior students during the entire stay. Our staff members have been chosen in accordance with strict legal guidelines and have undergone 4 – 10 days of intense training in preparation for their job at our Junior Language Schools. Many of them have worked with us for several seasons. Supervision is provided on a 1:15 ratio for students over 13 years of age and 1:10 for those aged 12 and younger.

## We take care of the parents

It is a huge step for parents to let their child travel abroad (probably for the first time). We are aware of that, which is why we are available 24/7! Besides our office hours, we provide an emergency number during the season. Our staff are always in contact with the teams in the IP language schools and resolve all issues as soon as possible.

# Learn more than a language

Young people from all over the world meet in our schools to spend their holidays learning a foreign language together. The lessons reflect local life and tie in intercultural experiences such as understanding life in other cultures and countries. In the afternoons and evenings there is an extensive activity programme organised by our International Team. You will try new things and find out what is important to you. It's fun and lets your personality shine through. You will get to know your own talents and interests better than you thought and at the same time you'll develop your social and team-working skills by doing activities with your friends. As everything is done in the foreign language, you'll be able to put your language skills into practice. Within no time, you'll begin to notice how much easier the language is when used on a regular basis.

Our students come from

Middle East Italy  
China Germany  
Russia Spain  
Switzerland France Turkey  
and many more

## Schools with personality

The learning environment in our language schools is very important to us. We have chosen our destinations carefully and always seek to create pleasant surroundings for our students. Our schools are located on traditional English university campuses, in an English boarding school, a stunning castle beside the Rhine River or for example in a former church, which has been completely renovated. The city centres and hot spots of your destination are always nearby!

## Typical day at IP

On your first day of school you will take a placement test. Afterwards you'll be placed in the appropriate study group so that you and your peers can learn more effectively. Most language classes take place in the morning so that in the afternoon our students can participate in the activity programme. Depending on how intense your progress on language ability is, you can choose to have lessons in the afternoon as well. During our daily assembly we'll give you all the information you need and the evening TTT (time to talk) is to clarify your questions and concerns. After lunch it's time for action. Take part in our afternoon and evening activities 7 days a week or just socialize with your new friends.

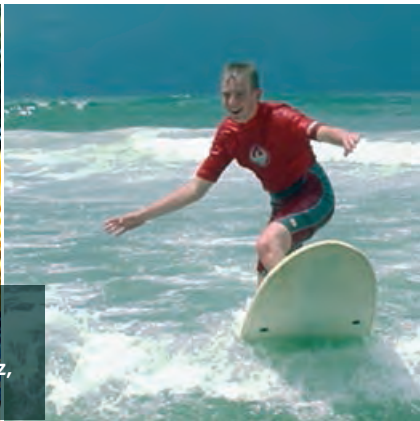

## Activity programme 7 days a week

We offer an exciting and supervised activity programme during afternoons and evenings – seven days a week. Our staff members come from diverse backgrounds, allowing them to bring a wide diversity of skills that will enrich your stay. The team organises a varied activity programme - full of sports, creativity, culture and lifestyle that will motivate you to join in. In the afternoons you have the choice of various activities on offer and in the evenings there is always at least one planned activity for you to participate in. For our youngest students (10-15 yrs) we offer our programme as a compulsory age-appropriate full programme throughout the week. All students aged 16 & 17 years have the freedom to choose activities from our programme or ask for permission to spend time on their own in case we can ensure their safety.

## IP Ocean Lounge

The international meeting point in our summer schools is the IP Ocean Lounge, which is a chill-out area to relax in and get together. The Fruit n' Fit Corner provides fresh fruit and water to our students all day long - 7 days a week.

# IP Activity Programme

## Afternoon

Cultural Activities, Workshops: Arts & Crafts, Health & Beauty, Open Stage, Welcome Meeting, Sports Tournament, Beach Activities, Campus Sports, Town Walk & Quiz, IP Ocean Lounge, Farewell Meeting

## Evening

Welcome Party, Surprise Night, Open Stage, Farewell Party, Film Night, Games Night and TTT (time to talk)

## Trips

Half-day and full-day coach trips to a variety of places of interest in the local region. A chance to explore more of the local culture, practise your language skills in a different context, and of course to spend time adventuring with your new friends in exciting new places.

# Specials

## Outdoor & Adventure

Get active with our Outdoor Special in **Exmouth** and **Exeter**! On three afternoons you will get the chance to do some canoeing or kayaking, raft building and you get to try yourself on the climbing wall. Each activity will run for approx. 2.5 hours including instructions. Equipment will be provided, but please make sure you have good footwear and waterproof clothes with you!

## Tennis Course

You will get five afternoons with three hours of professional tennis training per week. Our international tennis coaches in **Exeter** and **Teignmouth** will show you how to play tennis. Besides tournaments and practise the special also includes warming up, stretching etc. Please note that you won't be able to go on trips if you book this special. Equipment will not be provided.

## Football Course

You will get five afternoons with three hours of professional soccer training per week. Our international football coaches in **Exeter** will show you how to play football. Besides tournaments and practise the special also includes warming up, stretching etc. Please note that you won't be able to go on trips if you book this special. Equipment will not be provided.

## Mini Olympics

Our great offer in **Teignmouth**: One week filled with water sports and an Olympic race at the end. From Monday till Thursday afternoon (14:00-17:00) you will get Olympic style squad training in boat sailing, windsurfing, kayaking or canoeing, and dinghy sailing taught by professional instructors. Friday afternoon is race day - show us what you've learned.

Equipment will be provided. Programme may change to accommodate weather, tide, and availability. Please be aware that it might not be possible to join the activity programme or scheduled excursions.

### London Overnight Trip

As one day is not enough for a city like London, our overnight trip, offered **in most of our UK destinations**, gives you more time to take in the sights.

On Saturday morning you will get a packed breakfast and a packed lunch for the day. You will arrive in London around lunch time. Our supervisors will organize several sightseeing and shopping walks for you. In the evening you will all go for a warm meal together before making your way to the youth hostel where you will spend the night. The modern hostel has multi-bedded rooms with ensuite toilet and shower facilities. Breakfast on Sunday morning and a packed lunch are provided. You have several more hours to explore London before leaving the city on Sunday afternoon. Once you have returned to your centre, you will get a light evening meal.

Please be aware that booking this special prevents you from attending the scheduled full-day trip.

### Surf Course

If you feel like getting in touch with your inner surfer, be sure to join the surf course at our partner school in **Biarritz** or **Bournemouth**.

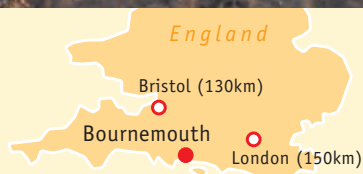

The surf course includes a max. of five lessons per week, which takes place in the afternoons.

Equipment will be provided. Surf lesson times may vary depending on the weather, tide, and the size of the waves. Please bear in mind that booking this special may prevent you from joining other activities or a scheduled excursion.

# Family language programmes

July & August

We welcome you to join our family language programme specifically designed for families with children from 5-17 years! Children participate in a Junior Language Course with lessons in the morning and activities in the afternoon. Parents attend a separate adult language course in the morning. In the afternoon, you can decide whether to spend time with your children or to take the opportunity

to have some time by yourself. Of course we offer you a programme guided by one of our teachers to introduce you to the day-to-day life in England. A better way to improve your language skills and enjoy the lovely English seaside resorts. Learn more than a language and spend your holidays with your beloved family.

## Bournemouth

## Bournemouth & Biarritz

Our language programme for young adults (16-20 years) is suitable for independent, mature-minded students.

In Bournemouth and Biarritz, our staff members do not supervise you but instead provide guidance on how to enjoy your holiday (safely). After lessons you enjoy the freedom as well as the rights and duties of an adult. If necessary, there is assistance provided by our IP Welfare Coordinator whom you will meet during the welcome meeting upon arrival. The coordinator shows you around your course town, introduces you to local hot spots and possible dangers. The coordinator also provides all the information you might need in order to plan your holidays and will have dinner (Bournemouth only) with you every day. You will be able to contact your coordinator at any time if you need help or assistance.
