If English is not your first language, you may need to improve your skills on a pre-session English for Academic Purposes (EAP) programme before starting your degree at UCT. EAP Pre-session programmes are specialist courses which prepare international students to study at an English-speaking university.

Successfully completing the pre-session programme will make you eligible to study a full degree at UCT. The length of your pre-session programme will depend on your level of English.

The coursebook is provided free of charge.

Where will I stay?

ACCOMMODATION

The UCT English Language Centre offers a range of safe and affordable accommodation to its students.

We offer three types of student accommodation to meet your financial needs and lifestyle requirements. Certain options may be subject to availability.

STUDENT RESIDENCE

For independent living, you can choose to stay in one of our student residences, with other students from all over the world. All residences have free Wi-Fi, 24-hour security and are close to ELC or UCT's free bus service, the Jammie Shuttle. Residence accommodation is subject to availability.

HOTELS AND GUESTHOUSES

We can also arrange for you to stay at one of the many hotels and guesthouses near the school. If you choose this option we will contact you to discuss your needs and budget, so we can make sure you get exactly the kind of accommodation you want.

HOMESTAY

Homestay accommodation involves sharing a house with a local family, couple or single person. This means that you have the chance to practice the English you learn at school in a real life environment and gain an insight into South African life at the same time.

You will have a single or double room with a desk and wardrobe. Breakfast and dinner is included. All Homestay accommodation is within easy reach of the school by foot, public transport or on the Jammie Shuttle.
