# Settling in

We know how important it is to feel safe and be comfortable when living away from home, especially for the first time. That is why we have dedicated support services and facilities available to help make Loughborough feel like home.

## INTERNATIONAL TEAM

Our experienced International Team are here to support you before you arrive and throughout your time at Loughborough College. They can help you with opening a bank account, registering with a local doctor, extending your visa, and a whole lot more to help you settle in.

## MEET AND GREET SERVICE

We understand how concerned some students, and their families, can be when preparing to leave their home country, especially if they have never done so before.

That is why we can arrange airport collection service at a competitive price. Travelling students are given a mobile telephone number before they depart and can make direct contact with their driver who will be waiting for them at the airport.

For more information on the support available to students, do not hesitate to get in touch with the International Team.

## ACCOMMODATION

Most students stay in The Gables, our high-standard, self-catering halls of residence, just a five-minute walk away from the main College campus. The halls are divided into single rooms in flats for 5 or 6 students, with shared kitchen and dining facilities. Shared bathrooms, as well as private, en-suite facilities, are available.

The large, communal lounge area has a television and a selection of games and is a great space for students to relax after classes. The town centre and a large supermarket are just a 15-minute walk away. There are coin-operated laundry facilities on site, as well as bicycle storage and a communal outdoor seating area. Communal areas of the halls are cleaned regularly. Students under the age of 18 stay in a separate block and a warden is contactable by all residents 24 hours a day.

Our Accommodation Team is committed to making The Gables as safe, comfortable, and pleasant as possible for all of its residents. All accommodation requests require a deposit to reserve a place.

Voted Number 1 for student experience, Loughborough is home to one of the biggest, independently owned students' unions in the UK.

The Loughborough Students' Union (LSU) gives students the opportunity to join over 90 different sporting clubs and societies. Getting involved can be a lot of fun and is a great way to enhance your time spent studying in the UK.

## SOCIETIES

If your interests include culture, art, music, faith, film, and games, then LSU has a society for you. Societies provide great opportunities to have engaging and challenging experiences outside of the classroom.
