

Loughborough College Study Abroad Programme 2020/2021

Loughborough College has an outstanding reputation for providing quality education since 1909.

The Study Abroad programme is a great way to improve your English and academic skills whilst immersing yourself in UK culture and academic life. You will study three A Level subjects in classes with UK students, increasing your subject knowledge and your confidence in using English. Alongside this, you will study General English with international students from all over the world, and your teachers will frequently review your progress. On completing your programme you will receive a Loughborough College certificate of attendance. There is an option to undertake a mock exam.
