WHO WE ARE

Scuola Dante Alighieri - Campus L'Infinito is a **unique** language and culture school which was founded as a teaching project by the **school Dante Alighieri** of Camerino and ELI Edizioni, a leading publishing house in Italy and overseas which specialises in language learning.

The school is located in Recanati, in the Marche Region, where it operates together with important local institutions like universities, academies, schools, museums, cultural associations and foundations.

The Scuola Dante Alighieri - Campus L'Infinito is **accredited as a training organisation** for the Marche Region and it is an **exam centre for CELI and DILS-PG Examinations of the University for Foreigners Of Perugia**.

Anna Poeti, School Director

The aim of our school is to teach the Italian language and Italian culture by introducing learners to the most beautiful and interesting aspects of our region. We go beyond the simple traditional teaching methods and students learn by 'experimenting' with the finest aspects of Italy which are much more visible in this region than in large cities. Here, students feel 'at home'.

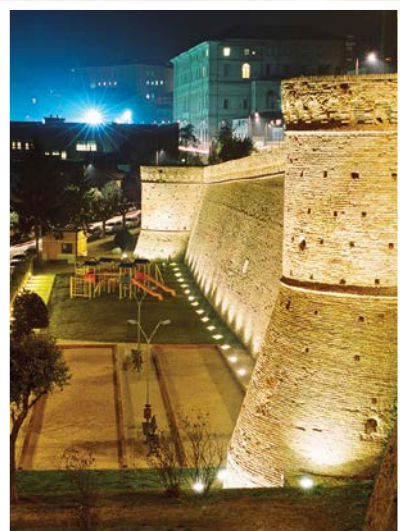

Recanati, is one of the most famous and fascinating medieval towns in central Italy. It is situated on the beautiful Marche hills, between the **Sibillini mountains** and the **Adriatic Sea**. Recanati is famous worldwide because it is the birthplace of **Giacomo Leopardi**, one of the most important Italian poets, and of **Beniamino Gigli**, one of the greatest tenors in the history of lyrical music. It is also home to remarkable works of art by the great painter, **Lorenzo Lotto**.

RECANATI

city of poetry and fine living

'His poetry is a continuous suggestion that reinforces in each individual, the endless search to find the meaning of life'

Giacomo Leopardi

The Le **Marche** region in central Italy is the only Italian region written in the plural form. It is a region that amazes and enchants the visitor. Le Marche is a region rich in **history, art, culture, beautiful scenery, traditions, crafts and gastronomy.**

LE MARCHE

Why in Le Marche?

- Because it is in central Italy.
- Because it is an enchanting and unspoilt area.
- Because it is a leading area for many high-quality Italian products.
- Because the area offers a complete array of Italian scenery.
- Because students can meet real Italian people.
- Because there is a wealth of artistic works of art.
- Because it is 'all of Italy in one region'.

THE METHOD

The communicative approach is a fun teaching method supported by various tools: advanced techniques and methods which involve teaching the Italian language both **inside and outside the class**, in contact with native speakers. The courses include **individual work** with the teacher, **theme evenings, excursions and events** to enrich the learning experience allowing students to immerse themselves in the Italian way of life.
