Teachers' Courses Funding

You may be able to obtain funding towards the cost of your course at WSE under the **EU PROGRAMME ERASMUS+**. Please note that you cannot apply for funds from this programme yourself, but your school, college or university can apply for an ERASMUS+ mobility project once a year, in March, and they can use this to support your participation. This will be arranged by the person responsible for professional development. Your organisation will need to quote our PIC (Personal Identification Code): 942725153

What is Erasmus+?

Until 2014, many European teachers were able to access funding for training through either Comenius or Grundtvig programmes.

At the beginning of 2014 these programmes were replaced by Erasmus+, which supports activities in education, training, youth and sport in all sectors of lifelong learning (Higher Education, Further Education, adult education, schools, youth activities, etc).

Full details can be found at: http://ec.europa.eu/programmes/erasmusplus/index_en.htm

How does Erasmus+ work?

Erasmus+ is open to a wide range of organisations across all sectors of education and training in the EU and in EFTA states (Iceland, Liechtenstein and Norway). Any public or private organisation which is actively involved in these areas will be able to apply for funding through the programme. Funding for individuals is available BUT funding applications must be made through your institution. Funding may also be used to support 'closed groups' sent by institutions. Please note that Switzerland no longer fully participates in Erasmus+ - for further information please visit: http://ec.europa.eu/programmes/erasmusplus/index_en.htm. As a first step, your organisation needs to register with the European Commission's Participant Portal and get its own Personal Identification Code (PIC). Your university, college or organisation will then need to submit a funding application under Key Action 1 (Mobility of individuals in the field of education, training and youth) to your National Agency. Contact details for National Agencies can be found at: http://ec.europa.eu/programmes/erasmus-plus/national-agencies_en.htm Please note that organisations have only one opportunity each year to apply for Erasmus+ Funding for mobility projects. The deadline for the mobility strand of the programme is usually in March.

How is Erasmus + different from earlier programmes?

From an individual's perspective, the key difference brought about by Erasmus+ is that applications for funding can only be made by educational institutions, and not by individuals themselves. If you wish to follow a training course at WSE, you need to ask your university, college or school to apply for an Erasmus+ grant. There is no course database, but if your organisation has Erasmus+ funding, it will be able to nominate Wimbledon School of English Teacher Training Courses. You will need our Personal Identification Code, which is: 942725153.
