# MANCHESTER

## Student life in England's greatest footballing city

Manchester has the biggest population of students in Europe and it's a very popular destination for whoever wants to improve their knowledge of English. Not only does Manchester have some of the lowest living costs in the UK for students, but socialising is also a lot cheaper. Manchester

is not too big, but not too small, either. It has enough to keep everyone entertained, minus the stress of commuting from one place to another. If you love sports, Manchester is the right place for you, as it is home to two major Premier League clubs – Manchester United and Manchester City. As a

visiting student, you don't want to miss the atmosphere of the local stadium on 'match day'. Football aside, Manchester is known for its world-class nightlife, student nights and wide range of luxury department stores, should you be in the mood for some shopping.

# ACADEMIC EXCELLENCE

## ASSESSMENT AND PROGRESS\*

With The Language Gallery you'll always know how you're progressing. You start your lessons on the day of your arrival so there are no delays to your learning.

Weekly assessments and meetings (tutorials) with your teacher will help you focus on what you do well and what you need to improve.

If you and your teacher feel you are ready to move to the next level of study, you can take the level test at any time – and if you score 80% or higher, you can move to the next level the following week.

*\*Some processes will differ on the University Pathway Programme and in some centres. In our Toronto and Vancouver locations, a scheduled induction will take place on the first day.*

## TEAM TEACHING\*

You will have more than one teacher at The Language Gallery.

We use 'team teaching', which means that your main class will be shared by two teachers.

This will help expose you to different learning styles, accents, and dialects. It also means you'll get advice and support from more than one person.

*\*Some processes will differ on the University Pathway Programme and in some centres.*

# EVENING COURSES\*

Not everyone has the time (or inclination) to study during the day, so our evening courses are the perfect alternative.

Our range of courses cover a variety of topics and start at times which suit your schedule.

Whether you want to brush up your skills, learn a brand new language, or improve your communication skills for work, we've got you covered.

## MODERN FOREIGN LANGUAGES

We offer a 'gallery' of different languages in different centres, and our communicative methods make sure that you are constantly using the language while having fun.

Our most popular courses are German, Spanish and French, but if you're interested in something else (such as Portuguese, Mandarin, or Arabic), check out our website to see if we're running a course near you.

## ENGLISH FOR WORK

This course is designed for non-native speakers having to use English in their work environment.

We do an in-depth analysis of your needs before you start, making sure that the course is tailored to your needs and that you can get the best out of it.

## WORK AND IMMIGRATION

- UK

As a Trinity approved SELT (Secure English Language Test) course provider, we offer a Trinity GC exam preparation course.

This exam is recognised by United Kingdom Visas and Immigration (UKVI) and may be demanded as part of UK visa and immigration applications – so if you want to move to the UK, this may be the course for you.

- CANADA

The Canadian English Language Proficiency Index Program (CELPIP) is an English language test accepted by Immigration, Refugees and Citizenship Canada (IRCC). It is proof of English language proficiency for those applying for permanent residency in Canada.

Our Canadian schools offer an evening preparation course for this exam.

\*Available upon demand
