Leadership

BE A LEADER!

The Academy

Building leadership skills early is crucial to academic and career success. Global Leadership Academy shows middle and high school youth how to be a leader while meeting other young leaders from around the world.

In Global Leadership Academy, you will learn about three key areas in the classroom and then put your leadership skills into action with local organizations. Then, you will use your new understanding to solve challenges in your own community.

THINK GLOBALLY!

Key Areas

Leadership Skills: Accomplish your leadership goals by identifying strengths and improving communication skills.

Global Challenges: Explore seven of the most urgent issues facing the world and learn how they are being addressed today.

Public Speaking: Present your ideas and motivate others by practicing essential speaking skills.

ACT LOCALLY!
