# Q+A

## for parents

Naturally we expect you to have some questions about our spring and summer courses. Here we answer some questions parents frequently ask.

Find out more about our spring & summer courses  
[www.ihlondon.com/yl](http://www.ihlondon.com/yl)

### Safety and security

#### Q What does my child do when they arrive at the airport in the UK?

One of our experienced Young Learners team members will be waiting for them at the arrivals lounge at the airport.

They will be wearing bright t-shirts with IH written on them. They will recognise your child with their International House stickers and luggage labels, and will take them to the waiting area.

#### Q Can I come and stay with my son/daughter for part of their trip?

Yes you can. We even offer a full-board homestay service where you also learn English with a qualified International House teacher, located in the same region as your child. After your daily lessons, you can go sightseeing independently, or just relax. You are also very welcome to visit your child during the programme. Please give us 24 hours' notice, come to the school office when you arrive and, if you are taking your child out, bring them to the office when you return.

#### Q How safe will my child be during the activities?

We take ratios in activities very seriously and all our staff are highly trained. Our ratios depend on the risk assessments carried out for each activity.

#### Q What does the insurance policy cover?

A summary of the insurance policy will be sent together with the booking confirmation and the full insurance policy can be downloaded from our website.

#### Q What happens if my child has an accident?

We have a school nurse who is available to see your child for a couple of hours every day in the school. If the nurse feels it necessary, she can arrange for your child to see a doctor and in case of a real emergency, there is a hospital close by. Please note that Health Insurance is included in the programme fees..

#### Q Can the staff all do first aid?

The majority of staff are first aid trained.

#### Q Can all of my children attend the same place?

Our courses are for 8-11 and 12-17 year-olds in Ellesmere and 12-17 year-olds in Oxford, so if your children are between those ages then brothers and sisters can come together.

#### Q If I have one young child and one older one, will they ever see each other if the programmes and accommodation are different?

Although accommodation and programmes are different, both are on the same site and will be sharing dining rooms so at mealtimes and during the breaks brothers and sisters can get together and see how each other are getting on.

#### Q How can I contact my son or daughter while they are in England?

There are several ways to get in touch:

- **By phone:** included in the welcome pack will be the emergency phone number
- **By email:** students can access their personal email account at various times through the day
- **On Facebook:** our Young Learner summer and spring page will be updated daily with photos, so you can keep an eye on what they are doing!

#### Q How can children contact parents or guardians while they're away?

There is access to computers at various times throughout the day, so students can send their parents or guardians an email.

### The lessons

#### Q What will lessons be like?

Project-based, communicative, can-do attitude, drawing on experiences that students bring with them, working towards building confidence and fluency. Lessons related to excursions help students learn during their social time.

## The other children

### Q Where are the other children from?

Our 20% nationality cap means that we have a fantastic nationality mix (see page 2). Our children say that making friends from around the world is a big reason why they choose International House. Our top 20 nationalities last year were: Russia, Italy, Japan, Germany, France, Spain, Chile, China, Ukraine, Brazil, Switzerland, Georgia, Poland, Turkey, Portugal, Slovenia and Belgium.

## Activities and excursions

### Q Do students have to do the excursions?

Yes! The excursion destinations are fun and educational, whilst also giving students the opportunity to go shopping and soak up some real British culture.

Excursion preparation takes place in class before visits, and follow-up lessons happen afterwards. Everyone completes a worksheet whilst on excursions, creating a nice souvenir of their time in England.

### Q Are the activity leaders the same people as the teachers?

No, our off-side activities are run by professional coaches and there are trained activity leaders on-site to run arts and crafts or on-site sports.

All our teachers are guaranteed to hold a Trinity TESOL or CELTA qualification. House-parents are there in a mainly pastoral role to make sure your child is settling into summer school life.

### Q How do the children travel between the school and the different excursion destinations?

We work with a local coach company that knows the area well. All drivers have been given an enhanced check so we know your child is safe. On all trips students will be accompanied by a highly-trained member of IH staff.

### Q Can the children choose which excursions they go on?

As all of our excursions are tied into the academic programme, it is the teacher who decides which place is best for their class to visit.

## Sleeping away from home

### Q What are the bedrooms like?

All our bedrooms are study bedrooms with a desk, chair, bed and wardrobe for each child.

### Q Why do children share rooms?

We want our students to speak English from breakfast until bedtime and therefore try and mix nationalities in bedrooms as well as classrooms. We believe it gives the students the opportunity to speak English with other people of their age in a more relaxed environment.

### Q Can I book a single room for my child or ensure they are sharing with a sibling?

Please state any special requests on the application form. We consider all requests and try our best to fulfil them. Unfortunately, this is not always possible.

## Free time

### Q How much free time do the children have?

Students have 1-2 hours on campus per day of free time to check emails, call parents, do laundry and chat to friends.

During free shopping time on excursions, students are taken by IH staff members to the meeting point and shown exactly where they need to be at what time.

We never let the students go off alone; they always have to be in a group of at least three. If a group gets lost, they can call the number on their ID cards or bracelets so our members of staff can come and help them.

### Q How many adult leaders do you have in each house during the night?

The ratio of adults to students is between 1:6 and 1:8 for 12-17 year-olds, and 1:5 for 8-11 year-olds.

### Q Do the leaders go home at night?

All our staff is residential. Only the professional coaches leave to go home in the evenings.

### Q How much money will I need to give my child?

The programme is all-inclusive, so they will only need to bring some money for souvenirs they might want to take home with them. We suggest £50 per week.

### Q What should my child NOT bring with them?

Laptop or iPad – there are many computers in the school which they can use.

Expensive jewellery or jewellery with sentimental value.
