INTENSIVE ENGLISH PROGRAM

In the Intensive English Program, students improve their English effectively in a short period of time. Students attend class 18 hours a week, from Monday through Friday.

Students have the opportunity to practice and improve all skills (listening, speaking, reading and writing) in the same class. The English program at **Face to Face Learning Center** has 6 levels and each level is 12 weeks long. All of our courses offer an ongoing enrollment.

LEARN THE ENGLISH YOU NEED

Our outstanding faculty and staff strive to help students reach their individual goals. These courses are lead by certified and highly qualified teachers in an "English Only" setting. We take teaching English seriously. If you do too, come join us.

We pride ourselves in our small class sizes, catering to a maximum of only 8 students in each class. This allows our qualified teachers to really focus on individualized attention, which makes learning more effective. Quality, efficiency, integration, and effectiveness are our priorities.

Students learn in classroom settings, but at **Face to Face Learning Center** it does not stop there. Students get to practice what they have learned in real life situations.

Miami offers exceptional weather and a clean and safe environment all year round. This allows our students to take part in organized activities, tours, and sports events after class.

Face to Face Learning Center has created a program where students can sign up for our Intensive English Course in the morning and practice what they have learned the rest of the day with one of our packages.

HOMESTAY

The Student Services team at Face to Face Learning Center plays an important role when recruiting host families. We do not use mediators. We make sure that we would feel 100% secure if our own children were to live with a host family. With this in mind, the first thing our team looks for in our families is that the environment is safe, healthy and caring.

Our host families come from different cultural backgrounds, even though their children were raised here in Miami in the American culture. The majority of the families in Miami have migrated from Central or South America. Therefore, students might encounter families who speak English and Spanish. Students are given the option of choosing between a single room or double room. They will not share the room with a student from their own country.

The host family provides breakfast and dinner Monday – Friday.

MEAL PLAN

Students can purchase a meal plan, which includes breakfast, lunch and/or dinner from Monday to Friday at our cafeteria.
